**GENERAL GUIDELINES
FOR THE SILENT AUCTION
IN-PERSON MAY 14**

Very Important — Please write legibly and use the correct bidding number. We cannot stress this enough!

If you have already bid online, you will continue to use that Bidder #. Can't remember it? We have it at the registration table. If you haven't bid yet, please check in and we will give you a Bidder #.

You will find items posted one per bid sheet and arranged by category. Write your bid number and bid amount on first blank line down. Again, please, please, please write legibly!!

All items have minimum bids so pay attention to the bid cards. All bids MUST be above the minimum and in whole dollars.

To raise your bid, enter your bid number and new bid ON THE NEXT AVAILABLE BLANK LINE. *Do not change your bid on your earlier entries.* Enter your NEW higher bid on the next available line.

NOTE Some items have minimum bid increments to make the bidding more efficient. For example, the bid increment might be \$5. That means if you want to outbid someone, your bid must be at least \$5 more than the current highest bid. Any required increments will be clearly marked on the bid sheet.

PAYMENT

A statement will be sent via email after the auction. We will not take any money at the event. You can mail a check in to the office OR you can pay by credit card online. There will be a link in your statement.

CHILDREN

The auction is a multi-generational event and children are welcome to join in for any or all of it. There are activities (crafts, bounce house and more) and the all new Kids Bid table!

KIDS BID TABLE

The Kids Bid table is just for the kids. (Sorry, not for the kids at heart.) It's full of treasures with prices capped as low as \$2 (all \$10 or lower) and low opening bids and bid increments.

TAKE AWAY ITEMS

If you are the winning bidder on a basket or Kids Bid table item, *we expect you to take the item home with you tonight.*

CAN'T ATTEND?

You are welcome to ask a friend to bid for you! Your friend should check in at the registration table to get your bidding number and use that for your bids. Then you will receive your own invoice.

Four Framed Prints of Works by Hiroshige Ando

These four prints by Hiroshige Ando are a part of his love letter to Tokyo (Endo). Hiroshige's last and longest series of pictures came out with great rapidity in the last years of the artist's life, when he had reached a new peak of popularity. Doubtless, with increasing age, Hiroshige pondered on the uncertainty of his remaining years and exerted himself to the limit to record on paper as much of his beloved city as possible. He died during production of the group, which, including some works by his pupil, runs to a total of 119 prints.

Each professionally framed print measures 12 x 14.5 inches, including the frame.

Print of Pianist painting

An 11-1/4" x 9-1/2" framed print of a Susan Bosworth painting, donated by Peg Richardson. In donating this painting, Peg noted that it was on the wall in their home in Maine, and she is sending this back to Connecticut for the UUS:E auction. Her late husband (and former UUS:E music director), Bob Richardson, had admired the original painting by UUS:E member Susan Bosworth, who had this print made and framed for him. Susan explains, "The original painting is 18" x 24." The pianist is Pi Hsun Shih and the page turner is her younger sister, Yu-Chen Shih, also a very good pianist. Pi Hsun was my piano teacher at the Hartt School... It's a historical painting in a way, as many musicians are using iPads now, rather than books and page-turners. It was one of my favorite paintings, as I have always loved the piano and enjoyed exploring painting one."

International Silver silver-plated Teapot with lid,

creamer with lid, two serving trays (condition problems including flaking of the silver plate on the teapot; some tarnishing that can not be removed for all the pieces.

Ontario Silver hexagonal base salt and pepper set. This set is in good condition.

One bowl and one scallop shaped dish. These pieces have some blemishes.

These silver pieces belonged to David and Betty Gordon of East Lyme, CT. Their favorite hobbies were camping, visiting

historical landmarks, and entertaining. He was a volunteer firefighter and nature photographer, and she donated tutor services to youth. Coming from a fatherless life in England, my great-uncle was very proud of this set. I have had it in my attic for 20 years, and would love nothing more for it to be used again, and bring joy to someone else's home. --Kay

Say No to Plastics!

Use this kit to help you get started on reducing your PLASTIC FOOTPRINT! Plastic waste has a significant negative impact on the environment.

Items in the basket that are used every day:

- 1) Shampoo bar (no plastic bottle)
- 2) Conditioner bar (no plastic bottle)
- 3) Dish bar (no plastic bottle)
- 4) Laundry soap in carton (no plastic bottle)
- 5) Hand balm in metal container (no plastic container)
- 6) Dental floss in cardboard container (no plastic container and 4 times length at 100 yds)
- 7) Bamboo toothbrush – soft bristles (no plastic handle)
- 8) Glass squirt bottle and lemongrass essential oil for homemade deodorant (no plastic container) – mix 2 TBSP water and 2 TBSP vodka (the higher proof the better) and a few drops of your favorite essential oil.
- 9) Bamboo cutlery – reusable (no plastic)
- 10) Reusable stainless steel water bottle (no disposable plastic bottle)
- 11) Reusable canvas tote bag (no plastic bags)

Think how much plastic will be removed from the waist stream with these changes over a decade! Did you know that only 9% of plastics in your recycling bin are recycled? Plastics recycling is a myth perpetuated by the plastics industry to ensure their profits and to hide the fact that 91% of plastics end up in landfills or the ocean. We learned to live by “REDUCE, REUSE, RECYCLE” but for plastics this needs to change to REFUSE, REUSE, REDUCE, RETHINK! REFUSE single-use plastic whenever and wherever possible. Choose items that are not packaged in plastic, and carry your own reusable bags, containers, and utensils. Say ‘No plastic straw, please.’ REUSE durable, non-toxic straws, utensils, to-go containers, bottles, bags, and other everyday items not made of plastics. Choose glass, paper, stainless steel, wood, ceramic, and bamboo over plastic. REDUCE your plastic footprint. Cut down on your consumption of goods that contain excessive plastic packaging and parts. If it will leave behind plastic trash, don't buy it. RETHINK what you can't refuse, reduce or reuse. Pay attention to the entire life cycle of items you bring into your life, from source to manufacturing to distribution to disposal.
